

EUROPROFILE SECURITY CYLINDERS

safeguarding your security

Function symbols used

	The "MM" key profile is a registered trademark that guarantees higher security against illegal key duplication.	Patented anti-pick magnet plate on the key.	
	Patented side profile controls, exclusive "mathematical" key protection system	Desmodromic track combined with rotating coaxial pins	
	Controlled breaking shear in the event of break-in.	Possibility to realize cylinder in CC "Construction Key" function.	
	Rest position of the cam 30° off-centre respect the cylinder.	Possibility to realize cylinder in VARIO version (3 levels).	
	Frictioned cylinders available.	Possibility to realize cylinder in MATIC1000 version, option with which the "Construction Key" function allows to manage up to 1600 cylinders.	
	Bumping and Picking resistant, certified by ICIM to the highest levels established by the VOLUNTARY reference standard.	Possibility to realize cylinder in SET&RESET version.	
	Tracing resistant: coding is protected against break-in techniques based on the "tracing" or "impression" of the key.	KEY DUPLICATION BY MOTTURA CENTRE OR MOTTURA CLUB.	
	Cylinders with extendible modules for CHAMPIONS® MODULAR .	PROTECTED KEY DUPLICATION BY MOTTURA CLUB CENTRE.	
	Patented key provided with a mobile element to protect key duplication.	PROTECTED AND CONTROLLED KEY DUPLICATION DIRECTLY IN THE FACTORY, UPON REQUEST TO A MOTTURA CLUB CENTRE.

CHAMPIONS^{PRO}

Key duplication by authorized centre

- Brushed nickel-plated finish (brushed brass finish on request).
- Shell and plug protected against drilling (extremely hard steel pins, spheres, pins and caps).
- Tempered steel anti-picklock shaped top and bottom pins.
- Patented side profile controls, aligned and shaped that, in case of picking, bumping and tracing, irreversibly block the cylinder, preventing the opening.
- **Tens of millions of combinations** make it ideal for master key systems.
- All thumb turn cylinders or provision for knob come out frictioned.
- The sealed packet includes cylinder, owner's card, keys, installation instructions and fixing screw. To ensure maximum security, keys and owner's card are sealed by the manufacturer.
- The cylinders marked **BKC** are certified as "BUMPING" and "PICKING" resistant.
- The cylinders marked **TRC** are certified as "TRACING" resistant.

Key duplication by authorized centre

CHAMPIONS[®] PRO key duplication is allowed at AUTHORIZED CENTRES upon presentation of the personal property card, which comes out with each set of keys in the package: the numbers printed on the card match with the numbers printed on the keys.

The advantage of CHAMPIONS[®] PRO security cylinders is to have a faster duplicate, at a network of specialized centers duplication.

Protected key duplication

KEY DUPLICATION is PROTECTED for customized cylinders: the customer / dealer decides for the key duplication mode.

CHAMPIONS MODULAR

Key duplication by authorized centre

- CHAMPIONS® MODULAR is ideal to fit all doors thicknesses with heights between 31-31 and 71-71mm. A Digital configurator is available to easily compose the measurement of any type of cylinder.
- Brushed nickel-plated finish (brushed brass finish on request).
- Shell and plug protected against drilling (extremely hard steel pins, spheres, pins and caps).
- Tempered steel anti-picklock shaped top and bottom pins.
- Patented side profile controls, aligned and shaped that, in case of picking, bumping and tracing, irreversibly block the cylinder, preventing the opening.
- **Tens of millions of combinations** make it ideal for master key systems.
- All thumb turn cylinders or provision for knob come out frictioned.
- CHAMPIONS® MODULAR in addition to the choice of composition, owner's card, keys, installation instructions and fixing screw. To ensure maximum security, keys and owner's card are sealed by the manufacturer.
- The cylinders marked **BKC** are certified as "BUMPING" and "PICKING" resistant.
- The cylinders marked **TRC** are certified as "TRACING" resistant.

Key duplication by authorized centre

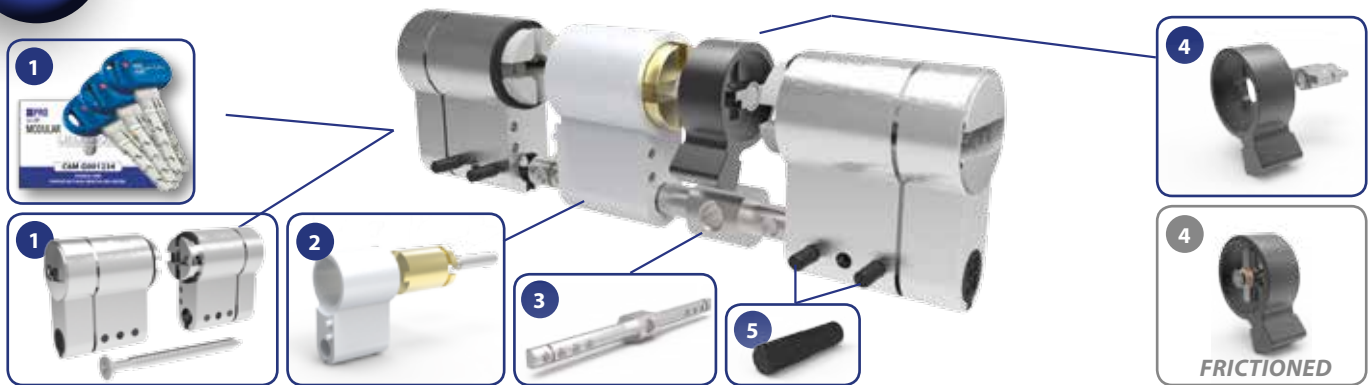

CHAMPIONS® MODULAR key duplication is allowed at AUTHORIZED CENTRES upon presentation of the personal property card, which comes out with each set of keys in the package: the numbers printed on the card match with the numbers printed on the keys.

The advantage of CHAMPIONS® MODULAR security cylinders is to have a faster duplicate, at a network of specialized centers duplication.

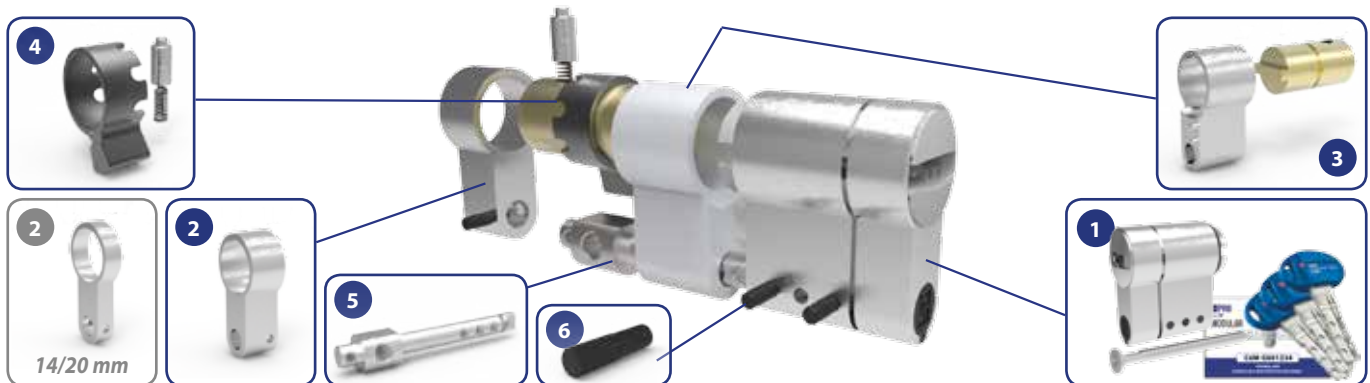

Protected key duplication

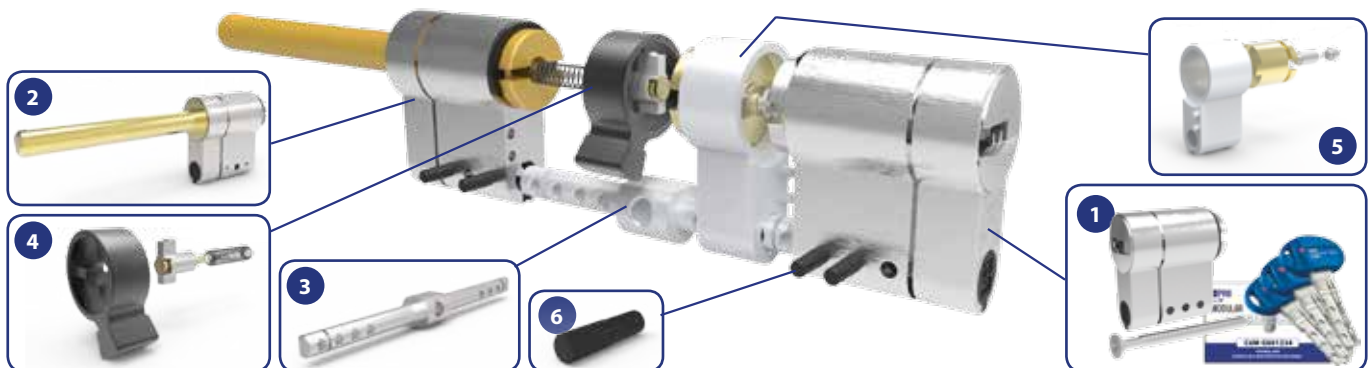

KEY DUPLICATION is PROTECTED for customized cylinders: the customer / dealer decides for the key duplication mode.

CHAMPIONS MODULAR
Configuration examples

EXAMPLE - DOUBLE CYLINDER - KEY/KEY - Measure 31-51 (82) (FRICTIONED)

N°	Article	Description	quantity
1	98CM2CC018	Double cylinder complete with fixing screw 3/5 keys + owner's card	1
2	98CAF323	20 mm extendible module for double cylinder	1
3	98C1783045	Spacer for double cylinder 30/45	1
4	98CAF329 (98CAF281)	Stem and cam for double cylinder (<i>Stem and cam for double frictioned cylinder</i>)	1
5	98C48047	Knurled pin	4

EXAMPLE - HALF CYLINDER FOR 30 mm THICKNESS LOCKS - Measure 51 (66) (14/20 mm THICKNESS LOCKS)

N°	Article	Description	quantity
1	98CM1CC018	Half cylinder complete with fixing screw 3/5 keys + owner's card	1
2	98C7804410 (98C7804405)	10 mm terminal spacer for half cylinder (type B) (<i>5 mm terminal spacer for half cylinder (type M)</i>)	1
3	98CAF333	20 mm extendible module for half cylinder	1
4	98CAF338	Cam for half cylinder	1
5	98C1918245	Spacer for half cylinder 45	1
6	98C48047	Knurled pin	3

EXAMPLE - CYLINDERS WITH ADJUSTABLE KNOB PROVISION - Measure 46-31 (77)

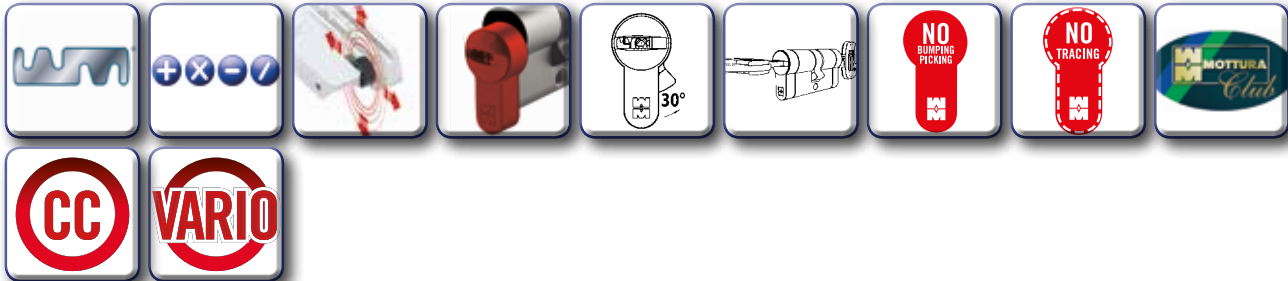

N°	Article	Description	quantity
1	98CM1CC018	Half cylinder complete with fixing screw 3/5 keys + owner's card	1
2	98CAF298	Half cylinder with adjustable knob provision	1
3	98C1783045	Spacer for double cylinder 30/45	1
4	98CAF330	Stem and cam for cylinder with fixed and adjustable knob	1
5	98CAF322	15 mm extendible module for double cylinder	1
6	98C48047	Knurled pin	4

CHAMPIONS C28PLUS

Protected key duplication

- Brushed nickel-plated finish (brushed brass finish on request).
- Shell and plug protected against drilling (extremely hard steel pins, spheres, pins and caps).
- Tempered steel anti-picklock shaped top and bottom pins.
- Patented side profile controls, aligned and shaped that, in case of picking, bumping and tracing, irreversibly block the cylinder, preventing the opening.
- All thumb turn cylinders or provision for knob come out frictioned.
- Master key systems available.
- The sealed packet includes cylinder, owner's card, keys, installation instructions and fixing screw. To ensure maximum security, keys and owner's card are sealed by the manufacturer.
- The cylinders marked **BKC** are certified as "BUMPING" and "PICKING" resistant.
- The cylinders marked **TRC** are certified as "TRACING" resistant.

CHAMPIONS C39

Protected key duplication

- Brushed nickel-plated finish (brushed brass finish on request).
- **Provided with an active pin with magnetic positioning (patented).**
- Shell and plug protected against drilling (extremely hard steel pins, spheres, pins and caps).
- Tempered steel anti-picklock shaped top and bottom pins.
- Patented upper profile controls, aligned and shaped that, in case of picking, bumping and tracing, irreversibly block the cylinder, preventing the opening.
- Side profile controls.
- Master key systems available.
- All thumb turn cylinders or provision for knob come out frictioned.
- The sealed packet includes cylinder, owner's card, keys, installation instructions and fixing screw. To ensure maximum security, keys and owner's card are sealed by the manufacturer.
- The cylinders marked **BKC** are certified as "BUMPING" and "PICKING" resistant.
- The cylinders marked **TRC** are certified as "TRACING" resistant.

CHAMPIONS C43PLUS

Protected key duplication

- CHAMPIONS® C43PLUS combines two different coding systems: a traditional system and a system made up of 4 rotating pins with hardened steel cores. The particular pin driving system (patented), free to rotate without springs, the false traces on the pins and the high number of possible combinations make it extremely difficult to manipulate and decode the key coding.
- Brushed nickel-plated finish (brushed brass finish on request).
- Shell and plug protected against drilling (extremely hard steel pins, spheres, pins and caps).
- Tempered steel anti-picklock shaped top and bottom pins.
- Patented side aligned profile controls that, in case of picking, bumping and tracing, irreversibly block the cylinder, preventing the opening.
- Master key systems available.
- All thumb turn cylinders or provision for knob come out frictioned.
- The sealed packet includes cylinder, owner's card, keys, installation instructions and fixing screw. To ensure maximum security, keys and owner's card are sealed by the manufacturer.
- The cylinders marked **BKC** are certified as "BUMPING" and "PICKING" resistant.
- The cylinders marked **TRC** are certified as "TRACING" resistant.

Protected key duplication

The PROTECTED KEY DUPLICATION is an "active" protection for the owner of CHAMPIONS® C28PLUS - C39 - C43PLUS cylinders.

The keys are supplied with a numbered owner's card, to be showed at the authorized MOTTURA CLUB centre together with the ORIGINAL KEY when a duplicate of the key is requested*.

The owner's card always corresponds to the original keys: the numbers printed on the card are the same as the ones printed on the keys.

The owner's card is then the only document which can be used to obtain key duplicates, and it must be stored carefully, in a safe place, to prevent unauthorized duplication.

Card duplication not issued in case of theft or lost.

The advantage of Champions® security cylinders with protected key is the fact that KEYS can be legally duplicated ONLY upon presentation of the owner's card.

As a result, Mottura Serrature di sicurezza S.p.A. sells the key blanks only to Authorized Mottura Club centres.

* For customized cylinders the customer / dealer decides for the key duplication mode.

CHAMPIONS C48

Protected and controlled key duplication

- CHAMPIONS® C48 combines two different coding systems: a traditional 5 pins system and a system made up of 4 rotating pins with hardened steel cores. The particular pin driving system (patented), free to rotate without springs, the false traces on the pins and the high number of possible combinations make it extremely difficult to manipulate and decode the key coding.
- Brushed nickel-plated finish (brushed brass finish on request).
- Shell and plug protected against drilling (extremely hard steel pins, spheres, pins and caps).
- Tempered steel anti-picklock shaped top and bottom pins.
- Patented side aligned profile controls that, in case of picking, bumping and tracing, irreversibly block the cylinder, preventing the opening.
- Master key systems available.
- All thumb turn cylinders or provision for knob come out frictioned.
- The sealed packet includes cylinder, owner's card, 5 keys, installation instructions and fixing screw. To ensure maximum security, keys and owner's card are sealed by the manufacturer.
- The cylinders marked **BKC** are certified as "BUMPING" and "PICKING" resistant.
- The cylinders marked **TRC** are certified as "TRACING" resistant.

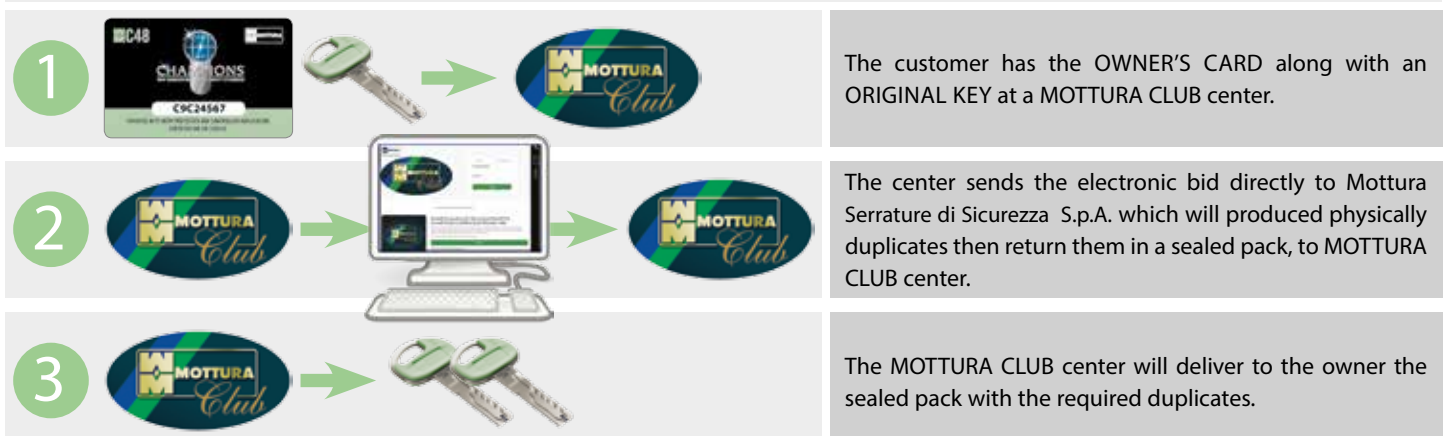

Protected and controlled key duplication

The certified **PROTECTED** and **CONTROLLED** duplication of CHAMPIONS® C48 keys represents a further step in the "active" protection guaranteed by the CHAMPIONS® range. The duplicate control is already active since the duplicate request: the owner's card, which comes with each set of original keys, **MUST BE PRESENTED** to the authorized MOTTURA CLUB center along with an **ORIGINAL KEY** (for verification), who, **THROUGH THE NEW MOTTURA ELECTRONIC SYSTEM**, sends the order request Mottura locks SpA to get the duplicate.

In this way, the control of each duplicate reaches the **HIGHEST LEVEL** of SECURITY: Mottura Serrature di Sicurezza S.p.A. will verify that the card is authentic, that there is no prior duplicate block requested due to loss or theft of keys corresponding to the card in question and that will be able to produce the requested duplicates in a completely safe state of mind for the client. Mottura Serrature di Sicurezza S.p.A. is the only entity that can **LEGALLY** duplicate the keys CHAMPIONS® C48, of which its "key blanks" are **NOT** on sale. The owner's card is then the only document which can be used to obtain duplicates, and it has to be stored in a safe place.

Without ORIGINAL KEY and ORIGINAL CARD it is NOT possible to obtain duplicated keys.
Owner's card duplication not issued in case of theft or lost.

** Master key systems can be produced with a determined number of cylinders only. Please contact the company.

OWNER'S CARD FOR KEY DUPLICATION IS NOT ISSUED IN CASE OF THEFT OR LOST.

Personalized

Several type of customizations are available on Champions® cylinders :

- personalized card with customer's name
- Keys with customer's logo on one side of the grip
- grip color different from standard
- personalized Key profile
- Neutral packaging (white)
- Neutral instructions

For costs, minimum amounts and other types of customizations contact the company.
